## DETAILED ACTION

### *Response to Amendment*

1. The reply filed on 25 August 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant has added new claims but has failed to indicate upon which species, embodiment 1 as shown in Fig. 1B, or embodiment 2 as shown in Fig. 2. See restriction requirement of 24 April 2004 which states in pertinent part,

“Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and **a listing of all claims readable thereon, including any claims subsequently added.** An argument that a claim is allowable or that all claims are generic is **considered nonresponsive unless accompanied by an election.**” (Emphasis added.)

See instant Specification p. 4 for verification that Applicant's acknowledge that different species exist in the instant specification.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Examiner notes that this is the second time that a Notice of Non-Responsive Amendment has been mailed to Applicant for failure to properly follow explicit instructions for a restricted application. Should Applicant fail again in the future such instructions regarding a restricted application, the Amendment **will be held intentionally non-responsive.**
